Some time ago, when Egert and Miss Burnett planned to marry, two of Egert's brothers in the Belgian army were killed. He rushed to the colors, seeking vengance also for the death of his father, who was murnered by the cleaners, who was murnered by the cleaners. dered by the Germans as the old man sat upon his own deerstep in Alsace-Lerraine. His mother fied to Holland. His sister met a less merciful

fate.
On enlisting Egert gave the name of Miss Edna Burnett as the "next of kin" to be notified in case of death. Miss Burnett has so stirred her five brothers by her story of the Egert family that all of them have analounced that they will enlist at once.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink,
logisen and then the hair comes out
fast. To stop falling hair at once and
rid the scalp of every particle of
dandruff, get a small bottle of Danderine at any drug store for a few
cents, pour a little in your hand
and rub it into the scalp. After
several applications the hair stops
coming out and you can't find any

Food Souring in Stomach Causes Indigestion, Gas

"Pape's Diapépsin" ends all stomach distress in five

Secretary Daniels' Secretary

One of the busiest men in all the offices of the Government is Edward E. Britton, private secretary to the Secretary of the Navy. From the time when most folks are "taking another little nap" to hours after those same folks have gone to bed again, Mr. Britton is busy either at his desk or with matters which he has taken home. He was for many years editor of the Raleigh News and Observer, of which Secretary Daniels is the owner.

ANTILLES VICTIM WAS ON WAY TO JOIN ARMY

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revoit; if sick, gassy and upset, and what you just ate has fermented and turned sour head diary and aches; beich gases and acides and eructate undigeated food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorits foods without fear. If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only 50 cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really as tonishing—Advt.

TALKS TO NEGROES.

I have been telling this fact to the people of Washington for the past 19 years, Mr. Brisbane, and each year more and more people have been following my advice.

Yes, I make some money, a very little though in comparison with what a man gets for painting an automobile. Some people who need attention given their teeth may have felt that my warning and advice was clever advertising from a commercial angle. Now that you, Mr. Brisbane, have told the men of our National Army that first in the way of advice comes "Take care of your teeth," I believe that, unintentionally as it may have been, you have done more for dentistry that can "stand the white light of publicity" than could have been accomplished in any other way.

Those who hesitate about following this good advice through fear of pain should COME TO MY OFFICE. My discovery of a harmless local anesthetic has

Only a few years ago painless dentistry was regarded as an impossibility by the members of the dental profession. The very mention of the term was sufficient to arouse a storm of ridicule on the part of the AVERAGE dentist. Most dentists firmly believed that no effectual means of preventing pain in dental operations would ever be found, since all the anesthetics employed in surgery had proven to be practically useless in dentistry. But the difficulty has been overcome through Dr. Leon's discovery of a harm
